The City's Skate/BMX Park is the hometown destination for many youth in our area. The entry fees are reasonable and the park is large enough (13,000 + square feet) to accommodate skaters/BMX bikers of all ages and ability levels.

There are special beginner skater sessions on Saturdays and Thursdays, which allow beginners and their parent to enter the skate area when more advanced skaters are not present.

A waiver must be signed and is available on the Recreation Department's website at <http://www.satellitebeachrecreation.org/Pages/SkatePark.aspx> along with hours of operation and additional information about the park.
